

# IPCRG lobbying in Europe: Brussels Declaration on Asthma

**Subject:** IPCRG lobbying in Europe: Brussels Declaration on Asthma

**Date sent:** 7 June 2007

**Message:**

The IPCRG has stepped up its role as an advocate at regional level for improved care and resources for people with respiratory disease. Our latest success is in Europe, where we have participated in the development of a European Declaration on Asthma backed by members of the European Parliament. This will be used to lobby the European Union and individual European countries. To see the [poster](#) summarising its ten point action plan, [full action plan](#) and [press release](#) click here:

[Asthma Main Page](#)

Siân Williams has represented the IPCRG at the launch to the media and to Members of the European Parliament which took place on Wednesday 6th June 2007.

Kind Regards

John Haugheny

IPCRG President
