

Telehealth

Telehealth

The [International Congress on Telehealth and Telecare](#) held in March 2011 showcased the UK Department of Health's [Whole System Demonstrator \(WSD\) Pilot Programme](#), an online resource on telecare, telehealth and the management of long-term conditions. Hosted by the [King's Fund](#), it reached not only the 350 delegates present, but another 1600 from 59 countries watching remotely.
